# Thermal Inkjet Printing – *a hot topic*

Say goodbye to high maintenance, ink stained floors and dangerous flammable liquids. APS has taken thermal inkjet printing to a new level with a wide range of inks to suit non-porous surfaces – inks with **fast drying times**, **strong adhesion** and **high contrast**.

The absolute™ thermal inkjet printer is simple to use and provides the cleanest and greenest coding solution on the market today.

Talk to APS about absolute™ today – your maintenance team will be glad you did tomorrow.
